CODING SYSTEM

First level (Chapter) - Chapters are represented by the first two digits

Second level (Heading) - Headings are represented by the first four digits

Third level (HS Subheading) - HS Subheadings are represented by the first six digits

Fourth level (AHTN subheading) - AHTN subheadings are represented by the first eight digits

Fifth level (PSCC) - PSCC codes are represented by the ten digits. The 9th and 10th digit codes refer to the PSCC commodities that are not in one-to-one correspondence with the AHTN

For example: Section II - Vegetable products

PSCC Code **0602.90.90-02 Anthurium plant**

GLOSSARY OF TERMS

Terms	Definition
AHTN ¹	ASEAN Harmonized Tariff Nomenclature (AHTN) is an eight-digit Harmonized System (HS) - based commodity nomenclature common among the 10 ASEAN Member States (Brunei Darussalam, Cambodia, Indonesia, Laos, Malaysia, Myanmar, Philippines, Singapore, Thailand, and Vietnam).
APEC ²	Asia-Pacific Economic Cooperation (APEC) is a forum established as a vehicle for multilateral cooperation among the market-oriented economies of the region to better manage their growing interdependence and sustain economic growth. Begun in 1989 as an informal grouping of 12 Asia-Pacific economies (Australia, Brunei, Canada, Indonesia, Japan, South Korea, Malaysia, New Zealand, Philippines, Singapore, Thailand, and the United States), APEC admitted the People's Republic of China, Chinese Taipei and Hong Kong in 1991, Mexico and Papua New Guinea in 1993, Chile in 1994, and Peru, Russia and Vietnam in 1998.
ASEAN ²	Association of Southeast Asian Nations (ASEAN) is a geopolitical and economic organization of ten Southeast Asian Countries. Formed in 1967 by Indonesia, Malaysia, the Philippines, Singapore, and Thailand, and subsequently expanded to include Brunei, Burma (Myanmar), Cambodia, Laos, and Vietnam. It aims to accelerate economic growth, social progress, cultural development; to protect regional peace and stability; and to provide a forum for member countries to discuss differences peacefully.
Automated Export Documentation System (AEDS) ⁴	AEDS is a system module for the receipt, documentation, and processing of the Export Declaration – Single Administrative Document (SAD).
Balance of Trade	Also known as net export, this refers to the difference between export and imports of goods. Positive value indicates favorable trade balance while negative value indicates unfavorable trade balance.
Bureau of Customs (BOC), Philippines	BOC is a government agency under the technical supervision of the Department of Finance which is responsible for the administration, implementation and enforcement of Philippine customs law and the collection of duties and taxes relating to the importation and exportation goods. It is the main data source of PSA in the compilation of export and import statistics. These documents (export and import) are submitted by exporters and importers, or their authorized representatives as required by law to BOC.

Terms	Definition
Coding	It is a process of translating entries of selected data items from the source document to its equivalent alphabetic or numeric code in accordance with the reference files used in the IMTS system.
Collect Freight ²	These are freight charges as shown on a Bill of Landing (B/L) or air waybill that are payable to the carrier at the port of discharge or final destination. The consignee does not pay the freight charge if the cargo does not arrive at the destination.
CIF ²	This refers to 'Cost, Insurance, Freight' (Named Port). The seller is responsible for clearing the goods for export, loading the goods onto the vessel at the port of export and paying overseas freight and insurance charges, with the buyer named as beneficiary in the insurance policy. The title and risk pass to the buyer once the goods are delivered on board the ship by the seller. CIF terms of trade are generally used for sea or inland waterway transportation.
Country of Origin	This is the country where the commodity is grown, mined, or manufactured. Further, a physical or chemical transformation is required to change the country of origin thus if the commodity remains unchanged or it is just subjected to mere sorting, grading, cleaning, packaging, or similar processing then the country of origin remains unchanged also.
Customs Procedure Code (CPC)	It is a four-digit code where the first two digits represent the Requested Procedure (RP) and the last two digits represent the immediately Preceding Procedure (PP) to which the importation/ exportation was processed. One general procedure corresponds to one import entry/ export declaration.
	It is used to facilitate the identification of re-exports and other types of trade such as goods for processing, trade between related parties, goods on consignment, and others.
Customs warehouse	It is a designated place where imported goods are stored under Customs control without payment of import duties and taxes.
Domestic Export	This is the export of goods grown, mined, or manufactured in the Philippines.
Exportation ³	This refers to transporting or sending merchandise or goods or raw materials to other countries for sale or trade.

Terms	Definition
Export Declaration ³	This refers to the document required for every export shipment wherein the exporter or his duly representative declares and certifies the full particulars of a shipment.
Free On Board (FOB) ²	The seller is responsible for delivering the goods from their place of business, clearing Customs in the country of export, and loading the goods onto the vessel at the port of export. At the point where the goods cross the 'ship's rails', the title & risk pass to the buyer. The buyer is responsible for overseas freight & insurance costs. Where Customs value is based on CIF, the cost of overseas freight and insurance must be added to the FOB value.
Free zone ²	It is a part of the territory of a State where any goods introduced are generally regarded, insofar as import duties and taxes are concerned, as being outside the Customs territory and are not subject to the usual Customs control.
Goods for processing with or without change of ownership ⁵	Goods for processing are goods that are sent abroad or brought into a country under a specific arrangement between the involved parties (which may or may not include the change of ownership) and for specific operations as defined by the statistical authorities of the compiling country.
Gross Weight; G.W. ²	This is the entire weight of goods, packing and container, ready for shipment.
Harmonized System (HS) ²	It is the international system published by the WCO that sets out in systemized form the goods handled in international trade. Goods are grouped in Sections, Chapters and sub-Chapters that are governed by rules
Imports	These refer to all articles, wares, goods or merchandise of every kind or class entering the jurisdiction of the Philippines from any foreign port, either with intent to unload therein, or which, after such entering, are assumed therein, or incorporated in the general mass or property of the Philippines.
Import Entry and Internal Revenue Declaration (BOC IEIRD Form 236)	This is a BOC administrative form being used for a formal entry declaration of imported articles of a commercial nature intended for sale, barter or hire which the dutiable value is more than PhP 2,000.

Terms	Definition
Informal Import Declaration and Entry (BOC Form No. 177)	This is a BOC administrative form being used for imported articles of a commercial nature intended for sale, barter or hire which the dutiable value is less than PhP 2,000 or less (Section 1302 TCCP) or Sample Items. It includes personal and household effects or articles not in commercial quantity and value.
International Merchandise Trade Statistics (IMTS)	It refers to a specialized multipurpose domain of official statistics concerned with the provision of data on the movements of goods between countries and areas.
Insurance, 'All Risk' ²	It is a clause included in marine insurance policies to cover loss and damage from external causes, such as fire, collision, pilferage, etc. but not against innate flaws in the goods, such as decay, germination, nor against faulty packaging or loss market, nor against war, strikes, riots, and civil commotion.
Philippine Standard Commodity Classification (PSCC) ⁷	It is a classification of all commodities on imports and exports being used for tariff and statistical purposes. It serves as common framework for data collection, processing, and compilation to ensure uniformity, consistency, and comparability of data produced by both government and private sectors. Patterned after the international industrial classifications but with some modifications to suit national and local conditions. PSCC promotes comparability of data among members of the United Nations.
Preference ²	2015 PSCC is the latest commodity classification approved by the PSA Board. The 2015 PSCC is an integration of the 2012 ASEAN Harmonized Tariff Nomenclature (AHTN) based on the Harmonized Commodity Description and Coding System (HS) issued by the World Customs Organizations (WCO) and the Standard International Trade Commodity (SITC) Rev. 4, by the United Nations Statistics Division (UNSD).
Preference ²	This refers to special advantages extended by importing countries to exports from particular trading partners, usually by admitting their goods at tariff rates below those imposed on imports from other supplying countries.
Samples ²	These are articles which are representative of a particular category of goods already produced or are examples of goods the production of which is contemplated. The term does not include identical articles brought in by the same individual, or sent to a single consignee, in such quantity that, taken as a whole, they no longer constitute samples under ordinary commercial usage.

Terms	Definition
Single Administrative Document	This is a document designed by the UNCTAD in documenting import and export transactions and which shall replace the Export Declaration (ED) ³ and Import Entry and Internal Revenue Declaration (IEIRD) in electronic form.
Terms of Delivery	This refers to the type of agreement done between the buyer and seller for the purchase and shipping of goods internationally, dividing the transaction costs and responsibilities. If the transaction declared is other than FOB, the freight and/or insurance from FOB as the case maybe is subtracted.
World Trade Organization (WTO) ⁶	It is an organization for trade opening. It is a forum for governments to negotiate trade agreements. It is a place for them to settle trade disputes. It operates a system of trade rules. Essentially, the WTO is a place where member governments try to sort out the trade problems they face with each other.

2 - BOC Import Entry & Internal Revenue Declaration <http://ncstcustomsad2013.blogspot.com/2013/12/import-entry-and-internal-revenue.html>

**MEMORANDUM OF AGREEMENT
ON THE
ELECTRONIC EXCHANGE OF INFORMATION BETWEEN
THE BUREAU OF CUSTOMS AND THE PHILIPPINE STATISTICS AUTHORITY**

KNOW ALL MEN BY THESE PRESENTS:

This Memorandum of Agreement is made and executed in MANILA, Philippines by and between:

The **BUREAU OF CUSTOMS (BOC)**, an agency of the national government mandated by law to enforce customs laws, and rules and regulations relating to importations, exportations and transit of goods to the Philippines, with office address at Port Area 1099, Manila, represented in this Act by its Commissioner – **ALBERTO D. LINA**, hereinafter referred to as **BOC**;

-and-

The **PHILIPPINE STATISTICS AUTHORITY (PSA)**, an agency that serves as the central statistical authority of the Philippine government on primary data collection, with office address at NSO-CVEA Building, East Avenue, Diliman 1101, Quezon City, represented in this Act by its National Statistician and Civil Registrar-General – **DR. LISA GRACE S. BERSALES**, hereinafter referred to as **PSA**;

WITNESSETH: THAT-

WHEREAS, Section 609 of the Tariff and Customs Code of the Philippines provides that the BOC Commissioner shall regularly furnish the National Economic Development Authority, the *Bangko Sentral ng Pilipinas* and the Tariff Commission with copies of all customs import/export entries as filed with the BOC.

WHEREAS, Customs Memorandum Order No. 20-2004 dated 30 June 2004 provides that seven (7) copies of the pre-numbered Import Entry and Internal Revenue Declaration (IEIRD) [BC Form 236] are furnished to the following:

First	White	Customs
Second	Yellow	National Statistics Office
Third	Orange	Tariff Commission
Fourth	Gray	Bureau of Internal Revenue
Fifth	Blue	Declarant
Sixth	Pink	Terminal Operator
Seventh	Green	Gatekeeper PID (for outside Metro Manila ports) Dep. Coll. for Operations (for Metro Manila ports)

WHEREAS, the cost of the IEIRD (BC Form 236) that is paid by the importer to the BOC is P265.00 per complete set;

WHEREAS, Republic Act No. 8792, otherwise known as the "*Electronic Commerce Act of 2000*", was enacted to facilitate domestic and international dealings and transactions xxx, through the

utilization of electronic, optical and similar medium, mode, instrumentality and technology xxx and to promote the universal use of electronic transaction in the government and general public;

WHEREAS, importers will be able to save on costs of processing their importation if the IEIRD (BC Form 236) will no longer be required;

WHEREAS, the National Statistics Office (NSO) has already been abolished along with three (3) other major statistical agencies and were created into one entity called the Philippine Statistics Authority, now the central statistical authority on primary data collection;

WHEREAS, the Philippine Statistics Authority produces statistics on foreign trade (exports and imports) through processing of documents collected from the BOC;

NOW, THEREFORE, for and in consideration of the above premises, the Parties have entered into this Memorandum of Agreement to effect the electronic submission by the BOC of the customs import and export entries under the following terms and conditions, to wit:

The BOC shall:

1. Furnish the PSA electronic copies of the customs import and export entries (also known as the Single Administrative Document or SAD) consisting of the data fields of such entries listed in Annexes A and B in lieu of the printed and pre-numbered IEIRDs (BC Form 236) and export declarations;
2. Submit online, thru the Management Information System Technical Group (MISTG), weekly, monthly and annual consolidated import and export reports to PSA;

The PSA shall:

1. Designate the office to officially receive all electronic copies of import and export entries as transmitted online by BOC.
2. Uphold the confidentiality of the source and identification of data and information accessed under the terms of this MOA and shall abide by the confidentiality imposed by the BOC and as provided under Section 26 of RA 10625.

The BOC and PSA shall:

1. Promulgate and disseminate rules and regulations to implement this MOA.
2. Promptly resolve any issue involving discrepancies in exchange of information.
3. Continuously enhance the electronic exchange of information for a more efficient and effective performance of their respective functions.
4. Agree in writing on any modification to this MOA signed by both parties.

8/13

IN WITNESS WHEREOF, we have hereunto set our hands this ____ day ____ 2015 in _____, Philippines.
